report. It would be easy for a person skilled in the art to apply the lubricating methods of spraying lubricant set forth in documents 2 to 4 as the lubricating method in the method of molding by forging set forth in document 1. Moreover, determining the type of workpiece or molding to which such method should be applied is merely a design matter.

The invention set forth in claims 7 to 15 is not disclosed in any of the documents cited in the international search report, and would not be obvious to a person skilled in the art.
